

WAL-MART & SAM'S CLUB IMPLEMENT IIAS SYSTEM FOR REIMBURSE® MASTERCARD® CARD

Wal-Mart and Sam's Club have implemented the Inventory Information Approval System (IIAS) which will now allow for their stores to auto-adjudicate prescription and Over-the-Counter (OTC) purchases made with the EZ REIMBURSE® Card. For FBMC's card customers, this means that they will not have to send in documentation for purchases made at the nation's largest retailer and wholesale club.

Additional grocery and discount chains are in the process of implementing their own IIAS in 2007. FBMC will make announcements as these new systems are brought online.

For more information, please contact FBMC Customer Service at 1-800-342-8017, or visit the EZ REIMBURSE® Card FAQs at www.myFBMC.com.

**** Changes are not applicable for the Rx Only Card or the Medical Only Card. Please check your enrollment materials for specific uses of the Card.**
